

**1.- Based on the ideas of the text, answer the following questions using your own words as far as possible. (25 words maximum each.) (2 points)**

- a) – What consequences will global warming have for many cities and towns in the Canary Islands?
- b) – What should authorities do about these dangers?

**2.- Say whether the following sentences are TRUE or FALSE according to the text. Copy the evidence from the text. No marks will be given without the evidence. (1 point)**

- a) – Experts agree that the planet’s weather is undergoing transformations.
- b) – Fighting against this change in the world’s weather is quite easy.

**3.- Choose ONLY THREE of the following words and write a synonym (=), an opposite (≠), a definition or a sentence (only one of these four) to show that you understand their meaning in the text. Use your own words. (1.5 points)**

- a) – undoubtedly (line 2)
- b) – adverse (line 14)
- c) – achieve (line 16)
- d) – to seek out (line 17)
- e) – to be aware of ( line 19)
- f) – solutions (line 22)

**4.- Write down three grammatically correct and meaningful sentences by matching both columns. ONLY THREE of them are correct. (1.5 points)**

The Artic is likely being one of the first regions	able to cope with a changing climate.
Scientists believe that the addition of fresh water to the salty oceans	not to be affected for global warming.
If a ‘climate-friendly’ energy policy existed	might change global ocean circulation patterns.
It seems to have escaped us that poor countries will be far less	we would surely be able to reduce gas emissions into the atmosphere.

**5.- Write a composition of about 100 words on ONE of the following topics. (4 points)**

- a) – What can we do to contribute to a more ecological world?
- b) – Natural disasters.

**1.- Find and copy from the text the answer to the following questions.-**  
**(2 points)**

- a) – What consequences will global warming have for many cities and towns in the Canary Islands?
- b) – What should authorities do about these dangers?

**2.- Say whether the following sentences are TRUE or FALSE according to the text. Copy the evidence from the text. No marks will be given without the evidence. (1 point)**

- a) – Experts agree that the planet's weather is undergoing transformations.
- b) – Fighting against this change in the world's weather is quite easy.

**3.- Choose ONLY THREE of the following words and match their definition, synonym (=), opposite (□), or sentence to show that you understand their meaning in the text. (1.5 points)**

- |                           |                               |
|---------------------------|-------------------------------|
| 1) – undoubtedly (line 2) | 4) – to seek out (line 17)    |
| 2) – adverse (line 14)    | 5) – to be aware of (line 19) |
| 3) – achieve (line 16)    | 6) – solutions (line 22)      |

- a) – to know about
- b) – alternatives
- c) – impossibly
- d) – bad
- e) – to get hold of
- f) – mixture
- g) – obtain
- h) – likely
- i) – definitely
- j) – to find

**4.- Write down three grammatically correct and meaningful sentences by matching both columns. ONLY THREE of them are correct. (1.5 points)**

The Arctic is likely being one of the first regions	able to cope with a changing climate.
Scientists believe that the addition of fresh water to the salty oceans	not to be affected for global warming.
If a 'climate-friendly' energy policy existed	might change global ocean circulation patterns.
It seems to have escaped us that poor countries will be far less	we would surely be able to reduce gas emissions into the atmosphere.

**5.- Choose ONE of the following options: (4 points)**

**a) Rewrite the following conversation in the correct order.- The underlined are the first and last bits.**

Smoker: (cough, cough)

Smoker: That's easy to say. But how?

Smoker: Yes, (coughs) it is because I smoke.

Smoker: But I like a cigarette before lunch.

Smoker: About forty cigarettes a day.

Smoker: I know it's dangerous for my health.

Smoker: I've already tried that but it hasn't worked.

Non-smoker: Too many. That's very bad for you.

Non-smoker: Eat an apple instead.

Non-smoker: Do you smoke much?

Non-smoker: That's a bad cough.

Non-smoker: Don't smoke before meals.

Non-smoker: Why don't you giving up smoking then?

**b) Write a composition of about 100 words on ONE of the following topics.**

a) – What can we do to contribute to a more ecological world?

b) – Natural disasters.

## PLANTILLA DE CORRECCIÓN

1.- Based on the ideas of the text, answer the following questions using your own words as far as possible. (25 words maximum each.) (2 points)

- a) – What consequences will global warming have for many cities and towns in the Canary Islands?

*Many cities and towns along the coast will be covered by the sea.*
