We have been contacted by a primary school in our town who would like to do a little project as part of the European Year of Cultural Heritage 2018.

Here is the project description:

**PURPOSE:**

- To raise European awareness among primary pupils through intercultural exchange
- To make pupils feel that they share a common heritage
- To highlight less famous monuments/sites

**ACTIVITIES and DEADLINES:**

1. **Before November 24th, 2017**

   EDICs register one primary school in their area who would like to take part the exchange. Here is the link to the registration form: [https://goo.gl/forms/t43XJ4U2EyHHubi73](https://goo.gl/forms/t43XJ4U2EyHHubi73)

   Download the project description

   In order to keep the project simple, we will only accept up to **10 schools from 10 different countries.**

2. **Before December 8th, 2017**

   Each school will receive a list with the addresses of the other schools participating in the exchange.

   Each school buys 10 postcards.

   The postcards have to show an **iconic monument of the town** in which the school is located. It can be 10 exemplars of the same postcard or 10 different postcards.

   With their teacher, the pupils write a short message on the postcard in their own language, with the English translation. Example: The French school in Vire (France) would send a postcard showing the "Porte Horloge", Vire's iconic monument, and it would say "Bonjour de Vire. Nous sommes situés en Normandie, au nord-ouest de la France. Le monument le plus connu de notre ville s'appelle la Porte Horloge. / Hello from Vire. We are located in Normandy, in the northwest of France. The most famous monument in our town is the "Porte Horloge."

   The school sends the 10 postcards to the other schools before December 8th, 2017.

3. **Before December 20th, 2017**
All participating schools should have received 10 different postcards from 10 different countries.

4. *In 2018, all year long*

The schools can use the postcards as part of their educational activities. For example, the French school wishes to use the postcards in art class: pupils will draw the monuments showed on the postcards. They will also try to create sculptures of the monuments in papier-mâché!

The postcards can also be simply pinned on a map of Europe in a classroom or in the school hall.

The schools send a picture of all the postcards received to their local EDIC, so that they can communicate on the European Year of Cultural Heritage.
